Yohannes Lemma

Full-Stack developer

✉ johnlemma9@gmail.com 📞 0973374428 📍 Gofa Mebrat Haile Condominium 🗓 28/01/1998

⚑ Ethiopia ⚭ Single 👤 Male ⮡ https://john-portfolio-flame.vercel.app/

Experienced frontend developer with 3+ years specializing in React, Tailwind CSS, Next JS, JavaScript, Node, and MongoDB. Proven track record in UI development, architecture maintenance, and payment gateway integration. Collaborative team player, mentor, and contributor to marketing projects. Committed to best practices, design patterns, and delivering clean, testable code.

Education

10/2016 – 02/2021
Harar, Ethiopia

Software Engineering, *Haramaya University*
Received a Bachelor of Science in Software Engineering from Haramaya University. Studied a diverse curriculum including Object-Oriented Programming, Software Design and Architecture, Database Management Systems, Web Application Development, and Data Structures and Algorithms. Specialized in JavaScript Frontend Development, with a focus on crafting user interfaces that combine theoretical knowledge with practical application.

Professional Experience

02/2023 – 06/2023
India

Full-Stack Web Developer(Contract), *FLC Group*
During my time as a freelancer, I collaborated with FLC Group, a leading digital marketing service provider in the UAE. Here's a summary of my experience:
- Collaborated with their UI/UX designer to create an attractive website design using Figma.
- Developed the website from scratch using Next.js for efficient frontend development.
- Integrated Strapi CMS to manage user-filled forms.
- Ensured a seamless and user-friendly navigation experience.
- Utilized technologies such as Next.js, CSS, Tailwind CSS, and Strapi CMS.

09/2021 – 04/2023
Dubai, UAE

Frontend Developer, *MBFAM Marketing Management*
- Developed large-scale applications using HTML, CSS, JavaScript, React JS, Next JS, Tailwind CSS, Node JS, Nest JS, and MongoDB
- Mentored junior developers and conducted code reviews
- Collaborated with clients and team members
- Created style guides and componentized systems for efficient development
- Contributed to the development of an ecommerce system for selling gifts
- Customized a Magento 2 website called giftshop.ae
- Integrated a payment gateway with Stripe and Paytabs.

07/2023 – present
Addis Ababa, Ethiopia

Frontend Developer, *Elebat Solution*
- Contributed to the development and management of the elebatsolution.com and awodr.com websites
- Led the frontend team for a significant SaaS B2B marketplace project
- Utilized tech stack including React.js, JavaScript, Tailwind CSS, and WordPress
- Committed to delivering exceptional results and continually expanding project portfolio

08/2023 – present India	**Senior frontend developer(Remote),** *Prophecies*

Prophecius is a software development company specializing in website and mobile application development. In my role as a senior frontend developer over the past 5 months:-
